Environmental Policy Statement

Fairey Industrial Ceramics Limited is committed to leading the industry in minimising the impact of its activities on the environment.

The key points of its strategy to achieve this are:

Minimise waste by evaluating operations and ensuring they are as efficient as possible.

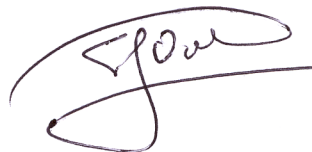

Minimise toxic emissions through the selection of processes and maintenance of equipment.

Actively promote recycling both internally and amongst its customers and suppliers.

Source and promote a product range to minimise the environmental impact of both production and distribution.

Meet or exceed all the environmental legislation that relates to the Company.

Minimise the Company's effect on greenhouse gas emissions and consumption of fossil fuels by the actions of a energy reduction/awareness team and the implementation of policies including the appropriate training.
